PROFESSIONAL SUMMARY

Shopify Developer and Team Lead with 2+ years of experience building and customizing eCommerce storefronts and full-stack web applications for international clients. Delivered 250+ production websites, contributed to $30,000+ in client project revenue, and led development teams of up to 6 engineers. Specialize in Liquid theme development, Shopify customization, React/Node.js applications, and conversion-focused performance optimization. Currently leading operations and development teams while remaining hands-on with technical delivery.

SKILLS

Shopify Expertise: Liquid theme development, custom sections & schemas, Shopify metafields, storefront customization, theme performance & CRO optimization, Shopify Admin/Storefront API

Programming Languages: C, C++, JavaScript, Node.js

Front-End Development: HTML, CSS, React.js, Liquid, Tailwind CSS

Backend & Frameworks: Express.js, DaisyUI, RESTful APIs

Databases: MongoDB, Oracle SQL Plus

Tools & Platforms: Git, GitHub, Postman, Figma

Hosting & Infrastructure: Apache2, Bind9, XAMPP, Webmin, OpenSSL, Firebase, Vercel

Leadership & Collaboration: Team leadership, code review, client communication, project coordination, cross-department collaboration, mentoring junior developers

EXPERIENCE

Assistant Manager, Operations | SM Technology | Dhaka, Bangladesh *Jul 2026 - Present*

- Lead a team of 3, overseeing project workflows and cross-department coordination while remaining hands-on in Shopify/full-stack development to keep delivery on schedule and within scope.
- Coordinate resource allocation across concurrent client projects and personally handle advanced technical builds alongside management duties, maintaining consistent quality standards across the team's output.

Team Lead, Shopify | SM Technology | Dhaka, Bangladesh *Oct 2025 - Jun 2026*

- Led a team of 6 developers delivering Shopify projects for international clients while directly building and shipping storefronts myself, reviewing code and complex tasks to maintain quality standards.
- Resolved high-priority production bugs and personally implemented advanced custom features beyond default Shopify capabilities.
- Served as primary technical point of contact for clients, ensuring performance and quality benchmarks were consistently met.

Web Developer | SM Technology | Dhaka, Bangladesh *Jul 2025 - Sep 2025*

- Built and customized 120+ Shopify stores for global clients, implementing advanced features beyond default theme capabilities.
- Improved store load performance and resolved complex bugs across client sites, contributing to $30,000+ in project revenue.
- Delivered end-to-end eCommerce builds from design handoff to launch.

Junior Web Developer | SM Technology | Dhaka, Bangladesh *Sep 2024 - Jun 2025*

- Delivered 50+ complete Shopify storefronts for international clients, supporting brand launches from concept to go-live.
- Focused on theme customization, responsive UI, and speed optimization, building a strong foundation in Shopify and front-end development.

Web Developer Intern | Encryptix | New Delhi, India *Jun 2024 - Jul 2024*

- Delivered six independent web applications — including a job board and a project management tool — using HTML, CSS, and JavaScript, gaining early cross-domain experience beyond eCommerce.

PROJECTS

K-Zone Studio - Global Lifestyle Store | kzonestudio.com

- Converted Figma designs into a responsive Shopify storefront using HTML, CSS, and JavaScript.
- Built all page sections as custom Liquid schemas to enable client-side customization.
- Optimized the store for SEO, performance, and mobile responsiveness.

Beccas Bags - Luxury Consignment Store (Canada) | beccasbags.ca

- Added custom rental functionality tailored for luxury product leasing.
- Developed a custom customer inquiry form to support lead generation.
- Implemented scalable rental information management using Shopify metafields.

Organic Wonders UK - Superfood Store (UK) | organicwonders.co.uk

- Designed a custom product page to effectively highlight superfood products.
- Developed multiple custom Liquid sections for enhanced design flexibility.
- Improved conversion rate through UI/UX refinements and performance tuning.

EDUCATION

B.Sc. in Computer Science and Engineering *2020 - 2024*
East West University, Dhaka

CERTIFICATIONS

Complete Web Development *Jul 2024*
Programming Hero | Credential ID: WEB7-4020

ACTIVITIES

East West University Computer Programming Club - Sub-Executive (2023 - 2024)
Served as Game Moderator for EWUCoPC, leading volunteer teams to organize intra- and inter-university gaming tournaments.
